REAL VALUES THAT WON'T CHANGE

MARK REPUBLICAN
LEMARR
FOR SENATE DISTRICT 20
NO LOBBYIST MONEY

Too many candidates claim to share our conservative values, only to live very different lives in Oklahoma City. Mark LeMarr lives as he believes. Married for 37 years, father of six, grandfather of five, he's in this to save our nation for the future of our families; and, unlike so many others, he will not change. He will not betray these values after taking office. **He is refusing all money from lobbyists,** and he will not live the Oklahoma City Lobbyist-funded night life that destroys so many elected officials. He will prove to voters that his first commitment is to *We the People* and the principles we value.

- Uphold Moral Values
- Oppose The Illegal Invasion of Our Nation
- MAGA
- Stop Woke
- No Lobbyist \$
- Make Oklahoma Healthy Again
- Protect Girls' Sports
- Put Moratorium on The Green Energy Invasion

REPUBLICAN MARK LEMARR: REAL VALUES THAT WON'T CHANGE

A HISTORY OF SERVICE

Mark LeMarr has been married to his wife, Debbie, for 37 years. He is a proud father of six and grandfather of five. A 1981 graduate of Guthrie, he earned a BA in Pastoral Ministry and Evangelism and has served as pastor of Crescent's Cross-Pointe Assembly Church since 1989.

Mark served as Mayor of Cimarron City and has for eight years on the Rural Water District #2 Board. He was President of the Crescent Chamber of Commerce for nine years and the Crescent Lions Club for two. He has also chaired the Logan County Hospital Foundation Board.

SERVING THE RIGHT WAY

Mark has always had a deep interest in real, actual public service. At the age of 16, he drove across the district campaigning for his scout leader, Frank Davis, in 1978, Davis' first election to the State House (*they are pictured above.*) But today's legislators have destroyed that public trust by constantly campaigning on our conservative values but then betraying them. Mark is one of a growing number of citizens who are stepping up to serve the right way—**by refusing all of the lobbyist gift giving and special interest contributions that are being given to officeholders**—and to set things “right” in the Legislature.

READY TO RESTORE TRUST

The current eight-year incumbent asks for our vote while purporting to hold our values, but in Oklahoma City, he regularly betrays those values with his votes—such as his vote to award Oklahoma driver's licenses to the illegal alien invaders of our nation. In 2024, the Oklahoma Conservative Index, Oklahoma's leading conservative scorecard since 1979, scored the incumbent at just 48% conservative. Only one out of 40 Republicans in the Senate had a lower score. Our district is not a liberal district—**we cannot continue to elect someone who does not represent our conservative values.**

“RIGHT” ON THE ISSUES

Mark has made hundreds of door-to-door visits and he knows the values of local voters. He is a steadfast defender of the right to life, the 2nd Amendment, limited government, lower taxes, making America healthy again and all things MAGA. A strong advocate for Oklahoma's rural way of life, **Mark will always oppose woke** and will stand up for landowners—opposing government overreach like the plan to install water meters on irrigation and punitive property taxes. Mark supports a moratorium on the green energy land grab and wants to remove the power of private corporations to seize land through eminent domain.
