YOU HAVE A **REAL** CHOICE

A new direction for
Senate District 20.

Mark LeMarr **won't** change,
because he **won't** take the
lobbyist money that has
corrupted so many officeholders

— Mark is part of a growing wave of candidates
across Oklahoma who are pressing for a **higher standard.**

We believe the system is broken. Special interests and lobbyist money have co-opted too many of our state officeholders—driving up spending, enabling giveaways, and putting politics ahead of people.

Mark believes Oklahoma deserves better.

He envisions a day when standard, professional ethics apply to our legislators as well: If a decision maker's action affects the person who is paid to lobby for that decision, then no money should change hands. Ever.

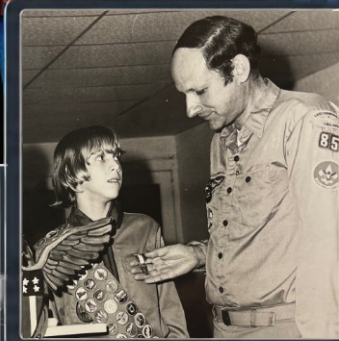

It's time to put people over politics.
It's time for a REAL CHOICE.

THE RIGHT WAY
