★ WHAT'S REALLY BEHIND ALL THOSE MAILERS? ★

I try reading them, but they say nothing of substance. And they are all almost the exact same. What is going on?

Special interest groups **do not spend this much money** without expecting a return. The same political crowd behind Chuck Hall has embraced **big spending, corporate welfare giveaways, pork earmarks,** and rushed legislation with little time for the public to respond.

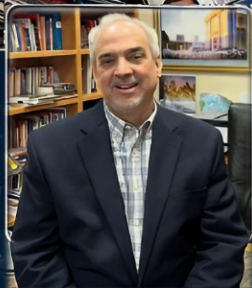

They want to **keep control** — and they are flooding mailboxes to do it.

★ Chuck Hall has personally carried major spending legislation, including the largest state budget in Oklahoma history.

★ If Senate District 20 flips, the big-spending establishment could lose control of the Senate.

★ That is why the special interests are desperate to keep this seat.

No Lobbyist Money

Mark LeMarr **opposes** corporate welfare and special-interest control.

He will support fiscal discipline and stay the same after Election Day.
